

GLASS PATTERNS

SGG ARENA®

TRADITIONAL PATTERNED GLASS

Ideal for a wide variety of applications, such as bathroom windows, porches, doors, conservatories or glazed partitions, the GLASSOLUTIONS range of traditional patterned glass offers both style and functionality.

Choose from a range of seven popular patterns, each offering a different level of obscuration, providing you with privacy whilst at the same time, maximising the level of daylight passing through the glass. The products are available in single and double glazing, and also stock sheet form.

GLASSOLUTIONS - as part of the global Saint-Gobain Group - has the expertise to advise on the correct specifications of the glass for differing applications in accordance with current national regulations, such as thermal insulation and safety.

TRADITIONAL PATTERNED GLASS

	Maximum stock sheet dimensions (mm)			Product variations			
	Nominal thickness (mm)	2140x1320	2140x1325	2160x1650	Annealed	Toughened	Laminated
